

The Lake Pointe LifeMed™ Smart Card is an innovative electronic Smart ID Card that integrates a small secure computer chip within a credit-card size plastic card that you carry with you.

- Simplifies and speeds up the patient registration and admissions process.
- Quickly communicates your current medical information in an emergency situation.
- Entitles you to discounts at many national and local businesses.

It's called a "Smart Card" for good reason!

THE BENEFITS
of your Lake Pointe Advantage Card

L A K E P O I N T E

Lake Pointe Medical Center has two easy ways to build your Lake Pointe LifeMed™ Smart card medical record. Go on-line or visit in person. Either way, you determine the information you want to provide to your medical caregivers.

ON-LINE: Log on to www.lifemedID.com. Click on the link to Lake Pointe Medical Center. For first time users, you will want to “Create a file”, then fill out your required personal information and the medical information you wish to provide. Next, hit “Save” and the next time you come to Lake Pointe Medical Center that information will be encoded onto your personal Lake Pointe LifeMed™ Smart Card.

IN PERSON: While you are at Lake Pointe Medical Center, simply request a Lake Pointe LifeMed™ card. The helpful folks at Lake Pointe will help you fill out your information.

Remember, by law, all information that you provide is strictly confidential and is never used for anything other than giving you the very best in medical care.

Get Your Card!

The next time you come to Lake Pointe Medical Center, request a new Lake Pointe LifeMed™ card, or ask us to update your existing card with any new information.

Remember, as you receive your Lake Pointe LifeMed™ Card the Admissions Assistant will need to see your photo ID for security purposes.

Once all of your medical information has been entered into the system, a hard copy will be printed for you to verify and approve before your card is updated.

For security purposes, you will need to choose a 4-digit PIN. This assures that only you can see or update your personal medical information.

Remember, all of your medical information is encrypted, secure and can only be viewed by an authorized health care professional with access to a Lake Pointe LifeMed™ Card reader.

Carry Your Card!

You'll always want to keep your Lake Pointe LifeMed™ Smart Card with you because it can be used in a number of valuable ways:

- You will save time checking in at Lake Pointe Medical Center and its related offices. Simply show your card and the registration and admittance process may be completed in as little as 30 seconds!
- In emergency situations, your current medical information can be viewed by emergency personnel; even if you are unable to communicate.
- As part of The Lake Pointe Health Network, you are entitled to discounts for many national and local businesses. For a complete list of participating vendors ask the Admissions Assistant or visit us on-line at www.lifemedID.com.
